

Position: .NET Developer
Reports to: Manager, Application Development
Contract type: Fixed Term; Full Time (12mo contract)

The Chartered Professional Accountants of British Columbia (CPABC) is seeking a highly technical and analytical individual with excellent attention to detail for the .NET Developer role. We are proudly recognized as one of BC's Top Employers for 2020. Come join a collaborative network of like-minded professionals and take the first step towards an exciting opportunity by applying to the position.

Job Summary

Reporting to the Manager, Application Development, the .NET Developer plays a key role in the automation and implementation of many of our business processes. The incumbent will work closely with our Business Analysts and other Developers to help translate business functional requirements into a collection of working computer applications, while also performing occasional quality assurance testing and maintaining programming documentation.

Key Responsibilities:

- Perform hands-on technical development using the latest ASP.NET technologies;
- Build and develop new functionalities that helps to automate business process;
- Conduct appropriate unit, functional and usability tests;
- Work with our other developers and our senior DBA to resolve design issues;
- Maintain sufficient code documentation;
- Collaborate with the rest of development team to ensure the system are properly designed, built and tested;
- Help Business Analysts analyze application issues, and provide resolutions;
- Resolve day-to-day system problems as they arise;
- Prepare and maintain code and application documentation; and
- Other duties and responsibilities as assigned.

Key Requirements:

- Bachelor's Degree or post-secondary qualification in a related discipline, or equivalent experience;
- Five (5) plus years of experience developing and maintaining ASP.NET multi-tiered systems;
- Thorough knowledge with C#, ASP.NET, .NET Framework 4.5, HTML, CSS, JavaScript/JQuery, TSQL and object-oriented programming methodologies;
- Prior experience with the full software development lifecycle;
- Familiarity with SQL Database design and common design patterns;
- Thorough knowledge and experience in code reviews and walkthroughs;
- Proficient with Microsoft Visual Studio;
- Familiarity with source code control tool Git;
- Excellent interpersonal, communication and presentation skills, both verbally and written;
- Ability to work collaboratively as a key member of a team and independently with minimum supervision;
- Meticulous attention to detail, refined organizational and time management skills and the ability to multi-task;
- Proven ability to prioritize competing requirements and deadlines under pressure.

Preferred Experience:

- Familiarity with Angular would be an asset;
- ASP.NET Certification would be preferred.

If this job outline describes you, please email your **résumé** and **cover letter** with **salary expectations** to HRCPABC@bccpa.ca. This posting will remain open until filled.

We thank in advance all candidates who respond; however, only those selected for interviews will be contacted.

Why join our team? CPABC offers an entrepreneurial environment with a competitive compensation package. At CPABC we live our core values:

- *We Are Open*
- *We Work Together*
- *We Communicate*
- *We Improve Every Day*
- *We Are Professional*
- *We Laugh and Celebrate*

About CPABC

The Chartered Professional Accountants of British Columbia (CPABC) is the training, governing, and regulatory body for over 37,000 CPA members and 5,000 CPA students.
