Below are answers to the most Frequently Asked Questions:

Q: Do you have units available for a certain date in the future?

A: This is a 48-Hour Club. Our deals result from last-minute inventory available from several hundred timeshare units. **You are only able to check on available inventory within 2 days of arrival.** You are unable to reserve or check availability prior to 48 hours before your anticipated arrival date (or more than 2 days ahead of today's date).

Q: How do I check availability and book a unit within the 48 hours before my arrival date?

A: When you are ready to check availability, call the reservations desk directly in Whistler at **1-604-962-0220** and reference the **"48-Hour Club"**.

Q: What types of units are available?

A: Visit www.whiskijackresorts.com for more information on the resorts. Their particular resorts are listed here: <http://www.whiskijackresorts.com/whiski-jack-properties>.

Q: Do you think this weekend will be a busy one?

A: Generally, there is lower availability during peak holiday weekends and during large Whistler events such as the Tough Mudder or Crankworx. Don't let that stop you from checking, but you will have greater chance of availability during off-peak dates.

Q: Do you allow pets?

A: Pets, excluding service animals, are not allowed in any of the properties.
